BORN. In this city, Aug. 2, 1898, to Mr. and Mrs. J. C. Hostetter, a son. Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free. F. J. CHENEY & Co., Toledo, O. SEC. LONG'S PLANS FOR THE NAVY

Many of the Auxiliary Cruisers and Yachts will be Retained at the Conclusion of the War.

WASHINGTON, Aug. 4.—So soon as peace is declared Secretary Long, of navy, will immediately take steps to organize the Pacific, Asiatic and European squadrons. Secretary Long has already given much time to the consideration of the condition of the navy after the close of the war which is now at hand, and has held many consultations with the chiefs of the bureaus concerning reorganization of a regular naval service. The secretary has planned to retain in the service several of the auxiliary cruisers and yachts which have been doing such effective service against the enemy in Cuban waters. As to which vessels will comprise the several squadrons cannot yet be determined. Strong reinforcements are likely to be sent before long to Admiral Dewey. However, to each squadron in foreign waters will be attached vessels of such powers and fleetness as will fully demonstrate to the foreign powers the ability of Uncle Sam to care for his own.

DIFFICULTY OF FINDING ENOUGH TROOP SHIPS

Fears Expressed that Sufficient Vessels Cannot be Found to Carry the Troops from San Francisco.

CHICAGO, August 4.—A special from San Francisco says: There will be no more expeditionary troops sent to San Francisco en route to the Philippines. If General Merritt demands more troops than the 8000 already here they will be sent from the Atlantic coast via the Mediterranean sea and the Suez canal. General Merritt has made strenuous efforts to engage the transports necessary for the soldiers now here and he may be compelled to send some of these by the eastern route. The supply of vessels on the Pacific coast is about exhausted and the condition of affairs has been brought to the attention of the California delegation in congress and should the government be compelled to send troops by the Suez canal, the fact will be played as a trump card in favor of the Nicaragua canal when the question comes up for settlement in the next congress. Notice to Delinquent Taxpayers. The delinquent taxes of Wasco county, as shown on the rolls now in the hands of the sheriff are \$60,000, an amount almost equal to the indebtedness of the county. Every citizen will doubtless admit that this state of affairs should not exist, and that all taxes should be collected. On account of hard times in the past the county court has shown leniency to taxpayers, but that leniency has reached the limit, and the court cannot wait longer on delinquents to make settlements. For this reason a warrant has been attached to each delinquent roll commanding the sheriff to collect all taxes by seizure and sale of property. With a bountiful crop now in sight, there can no longer be any reasonable excuse for the non-payment of taxes. The sheriff is bound by oath to comply with the terms of the warrants attached to the tax rolls for the collection thereof, and has no option in the matter. Delinquent taxpayers can save the cost of seizure and sale of property by settling their taxes at once. ROBERT KELLY, Sheriff and Tax Collector for Wasco County. Dated, August 4, 1898. A Narrow Escape. Thankful words written by Mrs. Ada E. Hart, of Groton, S. D. "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in Consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God I am saved and now a well and healthy woman." Trial bottles free at Blakeley & Houghton's drug store. Regular size 50c and \$1.00. Guaranteed or price refunded.

AGUINALDO'S ATTITUDE IS COMPLETELY CHANGED

Since the Arrival of General Merritt Aguinaldo Has Made Overtures For Closer Co-operation--To Firm Measures are Attributed the Causes of this Change.

MANILA, Aug. 3, via Hong Kong, Aug. 5.—Aguinaldo's attitude has undergone an entire change since the arrival of General Merritt. Instead of issuing orders detrimental to American interests in a semi-dictatorial way, he has made overtures for closer co-operation against the common enemy, the Spanish.

The change of heart has undoubtedly come of firm measures taken to curb the impetuosity of the insurgents, who have been carried to the verge of indiscretion by their recent victories.

Aguinaldo has suggested that American officers be appointed to take command of a portion of the insurgent forces, and as further evidence of his humility has requested to be permitted to march through the city of Manila after the United States has taken possession of it.

Withdrawal of the Troops is Counseled

All of the American Generals Unite in an Address to Major-General Shafter.

WASHINGTON, Aug. 3.—A special dispatch from Santiago de Cuba conveys the following: A meeting summoned by General Shafter was held this morning at headquarters, and in the presence of every commanding and medical officer of the Fifth army corps, the general read a cable message from Secretary Alger, ordering him, at the recommendation of Surgeon-General Sternburg, to move the army into the interior to San Louis, where it is healthier. As a result of this meeting General Shafter will insist upon the immediate withdrawal of the army to the north within at most two weeks.

The following letter written by Roosevelt was sent as an explanation of the situation: "In the meeting of the general and medical officers called by you at the palace this morning, we were all, as you know, unanimous as to what should be done with the army. To keep us here, in the opinion of every officer commanding a division in the brigade, will simply involve the destruction of thousands. There is no possible reason for not shipping practically the whole command North at once. Yellow fever cases are very few in the cavalry division. But in this division there have been fifteen hundred cases of malarial fever. Not a man has died from it, but the whole command is so weakened and shattered as to be ripe for dying like rotten sheep. When a real yellow fever epidemic strikes us, and it is bound to do so if we stay here at the height of the sickness season, August and the beginning of September, it will, in all human probability, mean an appalling disaster, for the surgeons here estimate that over half of the army, if we are here during the sickly season, will die.

The sick list is very large, though its exceeding 4000 affords but a faint index of the debilitations of the army. Not ten percent of the men are fit for active work. "The fever immune regiments ordered here are sufficient to garrison the city and surrounding towns, and there is absolutely nothing for us to do here, and has not been since the city surrendered. I write only because I cannot see our men go to destruction without striving so far as lies within me to avert a doom as fearful as it is unnecessary and undeserved." After Roosevelt had broken the ice, all the American general officers united in an address to General Shafter, expressing the opinion that the army should be taken at once to some point on the northern sea coast of the United States. The address is positive in the statement that the entire army must be moved at once or the greater portion of it would perish.

EXPEDITION LEAVES TOMORROW

Transports Lakme and Charles Nelson to Be Used for Transporting the Troops—Trip Will Be Hard.

SAN FRANCISCO, Aug. 4.—The troops of the First New York regiment of volunteers will embark on the steamer Charles Nelson for Honolulu early tomorrow morning. About the same hour the battalion engineers will board the steam schooner Lakme, and both vessels will probably sail early Saturday morning for the Hawaiian islands. The prospects of the men who compose this expedition for an enjoyable voyage are not of the brightest. The Charles Nelson is a dirty looking coaster, smelling viciously of oil and bilge water, with close stuffy quarters for the officers, to say nothing of those of the men below decks. The Lakme is nothing more than a steam schooner, even dirtier and more ill smelling than the steamer Nelson. By contracting for these vessels Major-General Otis has caused much adverse comment in military circles here. Of course they say openly that Otis exceeded his jurisdiction in engaging vessels for the troops, but that was not to depart for weeks after he left the city. Thousands of persons have been cured of piles by using DeWitt's Witch Hazel Salve. It heals promptly and cures eczema and all skin diseases. It gives immediate relief. LITTLE DELAY ANTICIPATED

A Preliminary Agreement is Likely to be Effected Within a Week Which Will Practically End the American-Spanish War.

WASHINGTON, Aug. 4.—A long conference between the president, Secretary Day and Secretary Long was held this morning. Secretary Day when he joined the president after the latter had been conferring with the secretary of the navy for three-quarters of an hour, looked worn and fatigued as a consequence of the night conference with the French ambassador. They were together going over the peace proposition and it was 1 o'clock this morning before the conference ended. Secretary Day full confidence that there will be little serious delay over the closing of the details of peace. Those who have gone over the ground and conferred with officials express the belief that peace is very nearly attained. One administration man who talked with the president and others today predicted that a preliminary agreement which would practically settle the war would be effected within a week. The Chief Burgess of Milesburg, Pa., says DeWitt's Little Early Risers are the best pills he ever used in his family during forty years of house keeping. They cure constipation, sick headache and stomach and liver troubles. Small in size but great in results. For sale by the Snipes-Kinnersly Drug Co.

MODIFIED TERMS DECIDED FINAL

Cambon Has Been Notified that War Cannot End Until They Are Accepted in Their Entirety.

WASHINGTON, Aug. 4.—M. Cambon has been notified by the president that the modified terms of peace submitted to the Spanish government are final, and that hostilities cannot cease until they are accepted in their entirety. The administration manifested thorough confidence in Spain's ultimate acceptance of the terms imposed, and her notification to that effect is expected within the next few days. Explanations of certain intentions contained in our note have been vouchsafed, and the president is quite willing to wait a few days, which can have little effect on the present situation. Fight Arranged Between Jeffries and Corbett. New York, Aug. 4.—Jeffries has signed articles for a fight with Corbett before the Lenox Athletic Club. The latter has not yet affixed his autograph, and should he refuse, Sharkey will be given a show.

TWO BAD MEN WERE CAPTURED

Broncho Bill and His Partner Taken After a Desperate Fight.

GERONIMO, Ariz., Aug. 4.—Broncho Bill, a desperate outlaw, has been captured, and his partner in crime, Johnson, was killed after a fierce battle.

Broncho Bill is seriously wounded and officers are taking him to the scenes of his crimes in New Mexico.

The fight was a hard one, the outlaws opening fire immediately upon spying their pursuers. Over one hundred shots were exchanged, but the officers were fortunate enough to escape.

Broncho Bill's latest crime was the killing of the sheriff and two deputies after holding up the train at Belen.
